SEPTEMBER 2022

**ANNEX ONE:**  
**NON-EXHAUSTIVE PROGRAMME LIST FOR THE UK CoC 2021**

A single full programme breakdown for the UK CoC 21 was not made available to the Evaluators by the Trust. The programme was managed using a 'Smartsheets' system but no master sheet (or 'singular source of truth') is evident and sense check analysis across sheets reveals a number of discrepancies. The following Programme Matrix has been constructed by the Evaluators making use of known data including ticketing system data, printed publicity, producer-maintained records and data from partners. The list presented here is a non-exhaustive list but provides a strong indication of programme activity, where it took place and the characteristics of the programme.

Due to commercial sensitivities or lack of information the number of people who engaged with each event is not listed; a summary of engagement figures can be found in Annex 2: Estimated Audience Engagement for Coventry 2021, a report from Indigo Ltd.
